

# Your photograph for the electronic health card

## Guidelines about the photo

We need your passport photo in order to issue your electronic health card (exception: insureds under the age of 15).

It is best to send a current picture that is similar to a passport photo. It does not have to fulfil the biometric criteria, but should meet the following requirements:

- Approx. 45 mm x 35 mm in size
- Colour: colour or black-and-white
- Preferably a neutral background
- Picture: clearly recognisable full face, view from the front

Please do not send us copies of photos or photos you have printed out yourself. They cannot be processed for quality reasons.

We are not permitted to accept e-mail submissions.
